Your Partner for Uniform Supply

rizners®
THE UNIFORM BRAND
Welcome to the new Rizues catalogue. We are delighted to present our latest collection which covers all your uniform needs.

At Rizues, we are continually developing and improving the designs and structure of garments - everything from pleating on our healthcare tunics to aid movement and comfort, through to additional pockets on our action trousers for the practical working environment.

All our garments are developed and constructed taking into consideration the views and feedback from our wearer focus groups. Our philosophy is simple - we listen, we design.

Add our wealth of experience, knowledge of garment manufacturing and practical experience within the industry, and the results are a complete package of customer service focused uniform supply.
FABRIC
We use a variety of fabrics including polyester/cotton which is suitable for high temperature washing (80°C) and commercial laundry (with no colour loss - ideal where infection control measures are in place), through to soft touch polyester stretch fabrics within our blouses. Also, printed fabrics developed especially for our Patient Dignity Wear.
